- Include a copy of the itemized invoice. Note: receipt must include product manufacturer and model number.
- Provide the installation permit number and date.

Note: registered mail or email is recommended.
Faxes are not accepted.

**Program date is subject to change and total number of rebates available may be limited in FortisBC's discretion. Processing of applications may take up to 90 days.*

Overview

Eligible applicants who become customers (each, a "Customer") of FortisBC Energy Inc. ("FortisBC") by converting their home from a residential wood, oil or propane furnace or boiler and connecting their homes to a qualifying natural gas heating system (each, a "Heating System") or a qualifying natural gas heating system and natural gas hot water system (each, a "Heating and Hot Water System"), between August 1, 2017 and December 31, 2017 may be eligible for a rebate under the Connect to Gas Program (the "Program"). Qualifying Heating Systems are eligible for a \$1300 rebate. Qualifying Heating and Hot Water Systems are eligible for a \$1700 rebate. Contractors who install Heating Systems or Heating and Hot Water Systems (each, a "Contractor") may be eligible for rebates in the amounts of \$50 for Heating Systems and \$100 for Heating and Hot Water Systems.

Program Eligibility

- To be eligible for a rebate under the Program, the Customer must first obtain a pre-qualification code from fortisbc.com/connecttogas. Codes cannot be assigned or transferred.
- Pre-qualification codes are only available until December 31, 2017, or while quantities last.
- In order to qualify for a rebate under the Program, the Customer must be a new residential customer of FortisBC and the Contractor must install a Heating System or Heating and Hot Water System in the Customer's residence, which must be in FortisBC's natural gas or propane service territory.
- The Customer must be converting their residential home Heating System from wood, oil or propane.
- The Program is for existing homes only and is not available for new construction.
- New customers must apply for or receive a natural gas service line or propane connection between August 1, 2017 and December 31, 2017 to be eligible for the Program. The natural gas or propane service line must be activated before March 1, 2018.
- Only one Program rebate is available per dwelling. Rebate amounts will be determined based on whether the Customer installed a Heating System or Heating and Hot Water System.
- Contractors are eligible to receive one \$50 rebate for each Heating System they install or one \$100 for each Heating and Hot Water System they install.
- Heating Systems or Heating and Hot Water Systems must be purchased and installed between August 1, 2017 and March 1, 2018.
- All Heating Systems or Heating and Hot Water Systems must be installed in accordance with the requirements of the BC Safety Authority and/or gas authority having jurisdiction in the Customer's area and in accordance with the manufacturer's specifications and all applicable laws, codes, standards and ordinances.

Heating System and Heating and Hot Water System Eligibility

- To qualify for a rebate under the Program, the connected Heating System or Heating and Hot Water System must be listed on fortisbc.com/connecttogas.
 - The furnace component of the Heating System or the Heating and Hot Water System must be one of the following:
 - an ENERGY STAR (Version 4.0) certified or equivalent natural gas furnace rated 95 per cent AFUE or higher;
 - equivalent furnaces must:
 - be rated 95 per cent AFUE or higher;
 - have a variable volume ECM or X-13 motor; and
 - be listed with Natural Resources Canada;
 - an ENERGY STAR certified natural gas boiler rated 94 per cent AFUE or higher; or
 - a natural gas furnace specifically designed for manufactured home use rated 95 per cent AFUE or higher.
- Note: furnaces cannot be installed with a new or existing heat pump. Any natural gas furnace installed with a heat pump is not eligible for the Program.
- Heating and Hot Water Systems may be combined or not combined, as follows:
 - Combined Heating and Hot Water Systems must be either:
 - (a) ENERGY STAR certified natural gas combination boiler systems used for both space and domestic hot water heating rated 94 percent AFUE or higher; or
 - (b) combination units that consist of tankless water heaters or boilers that also provide forced-air space heating via a hydronic air handler which is CSA certified P9 standard as certified by a Standards Council of Canada entity, and listed on NRCAN's database of third-party tested systems.
 - For non-combined Heating and Hot Water systems, both components must be installed at the same time and the water heating component must be a natural gas water heater.

Customer rebate process

- The Customer must return a signed copy of the completed application form with the Contractor details completed in full, accompanied by:
 - a copy of the invoice that contains the purchase and installation date of the Heating System or Heating and Hot Water Systems installation; and,
 - details of all work performed, including the make and model number of the qualifying natural gas central heating system; and,
 - the Contractor's business registration number; and
 - if installed by homeowner, a copy of the approval certificate and Certificate of Inspection from the BC Safety Authority or local municipal regulatory authority.
- The completed application form must include a valid pre-qualification code from FortisBC. A code can be obtained from fortisbc.com/connecttogas.
- Applications and supporting documents must be complete and emailed or postmarked within 30 days of the installation date of the Heating System, and in any event, no later than March 31, 2018.
- Processing of applications may take up to 90 days.
- FortisBC is not responsible for lost, delayed, misdirected, damaged, illegible or incomplete applications.

Contractor Rebate Process

- In addition to the Customer rebate process outlined above, the following terms apply to the Contractor rebate process:
 - Contractor rebates will be issued to the business name identified in the Contractor section of the Customer's application form for the installation of Heating Systems and Heating and Hot Water Systems; and
 - Contractor rebates will only be paid upon FortisBC's approval of the corresponding Customer rebate.

Additional terms and conditions

- FortisBC reserves the right to refuse applications or invoices that it determines, in its sole discretion, are incomplete, inaccurate or otherwise do not meet Program requirements.
- FortisBC may amend, modify or terminate this Program at any time based on funding limitations or for any other reason, without notice.
- FortisBC, not being the designer, manufacturer or provider of heating systems, including but not limited to furnaces and boilers, makes no representation or warranty, express or implied, as to the necessity, quality or efficiency of any such heating system submitted under this program and accepts no liability or responsibility for such heating systems.
- FortisBC accepts no liability for work performed by or on behalf of a Customer with respect to the purchase, installation or maintenance of a furnace/boiler/water heater in conjunction with this Program.
- The Customer agrees that FortisBC has no liability concerning any estimated energy savings of heating systems submitted under this program or the installation, performance or fitness of such heating systems.
- The Customer is responsible for safe disposal of their old furnace/boiler/water heater and ensuring it is not placed back into use.
- The Customer and the Contractor are liable for any tax imposed or payable by the participants in respect of the rebate.
- Rebates cannot be assigned or transferred.

Measurement, verification and evaluation

- "Customer Information" means all information disclosed by the Customer in any Program application materials, including personal information disclosed by the Customer, and any billing, energy use and consumption information for the premises at which the new energy Heating System or Heating and Hot Water System is installed for a period of two years before and two years after such installation. By applying for this Program, the Customer acknowledges and agrees that:
 - FortisBC collects and uses the Customer Information in order to process, administer and evaluate the Program and develop FortisBC energy conservation programs.
 - FortisBC may contact the Customer in the future to evaluate the effectiveness of the Program, which may include surveys.
 - FortisBC may retrieve the Customer's billing, energy use and consumption information from the FortisBC account database for the period set out above in order to analyse consumption behavior attributable to the Program.
 - FortisBC may disclose the Customer Information to its affiliates and contractors for the purpose of administering and evaluating this Program as described herein and developing other FortisBC energy conservation programs.
