

Furnace and Boiler Replacement Program application

Customer Please send me my \$500 rebate. I replaced a non-condensing natural gas furnace/boiler that was a minimum of 10 years old with a qualifying ENERGY STAR® certified high-efficiency condensing model that I installed within 6 months of receiving my pre-qualification code. **Please note: cheque will be addressed in the name of the account holder.**

Contractor Gas contractors are eligible for a \$50 contractor incentive (paid quarterly). To be eligible, the contractor section must be completed in full and FortisBC must approve a customer rebate before issuing a contractor incentive. **Please note: cheque will be addressed in the name of the business.**

Pre-qualification code: _____

Don't have a pre-qualification code? Get one at fortisbc.com/furnace. Codes are only available until December 31, 2017, or while quantities last.

Customer checklist:

- I have signed the completed application form.
- I have included a copy of the itemized invoice with full make and model number.
- I have provided my pre-qualification code.
- I have provided my installation permit number and date.
- I have included a photograph of my two-pipe direct vent system.

Overview

1. Eligible FortisBC Energy Inc. ("FortisBC") customers (each, a "Customer") who obtain a pre-qualification code and replace their non-condensing natural gas furnace/boiler that is a minimum of 10 years old, and install a qualifying ENERGY STAR® certified or equivalent high-efficiency natural gas furnace/boiler within six months of receiving their pre-qualification code, may be eligible for a \$500 rebate under the Furnace and Boiler Replacement Program (the "Program"). FortisBC is offering an additional incentive of \$50 under the Program to gas contractors responsible for the purchase and installation of an approved Customer's furnace/boiler (each, a "Contractor").

Program eligibility

2. To be eligible for a rebate under the Program, the Customer must first obtain a pre-qualification code from fortisbc.com/furnace. Codes cannot be assigned or transferred.
3. Pre-qualification codes are only available until December 31, 2017, or while quantities last.
4. In order to qualify for a rebate under the Program, the Customer must be a current residential customer of FortisBC and the Contractor must install a qualifying furnace/boiler in the Customer's residence, which must be in FortisBC's service territory.
5. The replaced furnace/boiler must be an operational non-condensing natural gas system that is a minimum of 10 years old.
6. Emergency replacements of furnaces/boilers are NOT eligible for rebates under the Program. If a Contractor deems the existing furnace/boiler to require over \$1,000 (pre-tax including parts and labour) in repairs and/or deems it to be unsafe to operate, the new furnace/boiler will be considered an emergency replacement and the Customer will not be eligible for a rebate under the Program.
7. The Program is not available for new construction.
8. Only one Program rebate is available per dwelling. Contractors are eligible to receive multiple incentives.
9. To qualify for a rebate, the replacement high-efficiency natural gas furnace/boiler must be listed on fortisbc.com/furnace. The product must be:
 - a. one of the following:
 - an ENERGY STAR (Version 4.0) certified or equivalent natural gas furnace rated 95 per cent AFUE or higher;
 - equivalent furnaces must:
 - be rated 95 per cent AFUE or higher;
 - have a variable volume ECM or X-13 motor; and
 - be listed with Natural Resources Canada;
 - an ENERGY STAR certified natural gas boiler rated 94 per cent AFUE or higher;
 - an ENERGY STAR certified natural gas combination boiler system used for both space and domestic hot water heating rated 94 per cent AFUE or higher; or
 - a natural gas furnace specifically designed for manufactured home use rated 95 per cent AFUE or higher;
 - b. the primary source of heat;
 - c. purchased, installed and paid for in full within six months after receiving the pre-qualification code;
 - d. installed in accordance with the requirements of the Technical Safety BC and/or gas authority having jurisdiction in the Customer's area and in accordance with the manufacturer's specifications and all applicable laws, codes, standards and ordinances; and
 - e. commissioned as per manufacturer's instructions and a copy of the commissioning sheet must be left on site.
10. Furnaces must have a two-pipe direct vent system installed, which must be validated by a photograph submitted as part of this application.

Customer rebate process

11. The Customer must return a signed copy of the completed application form with the Contractor details and Contractor declaration completed in full.
12. The completed application form must include a valid pre-qualification code from FortisBC. A code can be obtained from fortisbc.com/furnace.

13. The application form must be submitted with a copy of the purchase invoice for the qualifying furnace/boiler that contains the purchase date, details of the work performed, manufacturer make and model number, the Technical Safety BC gas contractor licence number and the installation permit number and date.
14. Applications and supporting documents must be emailed or postmarked within six months of receiving the pre-qualification code. Processing of applications may take up to 90 days.
15. FortisBC is not responsible for lost, delayed, damaged, illegible or incomplete applications.

Contractor incentives

In addition to the Customer rebate process outlined above, the following terms and conditions apply to the Contractor incentive process:

16. Only those Contractors who have signed and returned to FortisBC the Contractor terms and conditions are eligible to apply for a Contractor incentive.
17. Contractor incentives will only be issued to the business name identified on the Contractor application.
18. Contractor incentives will only be paid upon FortisBC's approval of the corresponding Customer rebate.

Measurement, verification and evaluation

19. By applying for this Program, the Customer agrees that FortisBC may, at its discretion, evaluate the newly installed energy saving measure at the Customer's premises for the purposes of verifying installation.
20. "Customer information" means all information disclosed by the Customer in any Program application materials, including personal information disclosed by the Customer, and any billing, energy use and consumption information for the premises at which the new energy saving measure(s) are installed for a period of two years before and two years after such installation. By applying for this Program, the Customer acknowledges and agrees that:
 - a. FortisBC collects and uses the Customer information in order to process, administer and evaluate the Program and develop other FortisBC energy conservation programs.
 - b. FortisBC may contact the Customer in the future to evaluate the effectiveness of the Program, which may include surveys.
 - c. FortisBC may retrieve the Customer's billing, energy use and consumption information from the FortisBC account database for the period set out above in order to analyze consumption behaviour and energy savings attributable to the Program.
 - d. FortisBC may disclose the Customer information to its affiliates and contractors for the purposes of administering and evaluating this Program as described herein and developing other FortisBC energy conservation programs.

For more information on FortisBC's Privacy Policy, please visit fortisbc.com/privacy.

Additional terms and conditions

21. FortisBC reserves the right to refuse applications or invoices that it determines, in its sole discretion, are incomplete, inaccurate or otherwise do not meet Program requirements.
22. FortisBC may amend, modify or terminate this Program at any time based on funding limitations or for any other reason, without notice.
23. FortisBC, not being the designer, manufacturer or provider of heating systems, including but not limited to furnaces and boilers, makes no representation or warranty, express or implied, as to the necessity, quality or efficiency of any such heating system submitted under this Program and accepts no liability or responsibility for such heating systems.
24. FortisBC accepts no liability for work performed by or on behalf of a Customer with respect to the purchase, installation or maintenance of a furnace/boiler in conjunction with this Program.
25. The Customer agrees that FortisBC has no liability concerning any estimated energy savings of heating systems submitted under this Program or the installation, performance or fitness of such heating systems.
26. The Customer is responsible for safe disposal of their old furnace/boiler and ensuring it is not placed back into use. It is strongly advised that the old appliance be recycled.
27. The Customer and the Contractor are liable for any tax imposed or payable by the participants in respect of the rebate.
28. Rebates cannot be assigned or transferred.
