Yes No, but am aware of it No, I am not aware of it

Upgrade details

A – Insulation

Requirements

- Insulation must be installed by a licensed contractor.
- Invoice must show the insulation company's name, address, contact information, date of installation, customer name and address, type of insulation (e.g. batt, loose cellulose, rigid foam, etc.), pre-existing R-value, R-value of new insulation added, location(s) of installation, total amount added in square feet and total purchase/installation cost (including labour) indicating full payment. Please save copies for your records.
- Applications will only be processed for insulation rebates with a combined total value of \$50 or more.
- In order to qualify towards the Bonus Offer, each insulation upgrade in a single location must have a minimum rebate value of \$150.
- For insulation not classified as batts, loose fill, board, or spray foam, product documentation indicating manufacturer supplied R-value must be provided.

Company name	Installer name (if known)	Business phone	
Mailing address	Town/city	Province	Postal code

Declaration and consent

The registered property owner has signed this form below. By signing below, I declare that

- I have read and understand the Home Renovation Rebate Program (the "Program") terms and conditions available at bchydro.com/homerebates or fortisbc.com/homerebates and agree to comply with same.
- The information I have provided is true and correct and the product(s) and/or services for which I am requesting a rebate meets the requirements listed on this application form and the Program terms and conditions.
- I understand and consent to the following uses and disclosure of my personal information:
 - the disclosure of my personal information to the Utility Partners and any Collaborating Party (if I am eligible for a rebate funded or enabled by that Collaborating Party), and their respective affiliates and contractors, for the purposes of administering the Program, evaluating the effectiveness of the Program and undertaking analysis and research to inform changes to existing programs and the design of new energy-efficiency programs;
 - the disclosure of my utility billing data to the Utility Partners, if the utility account for the site is in my name. Such personal information may include my energy consumption data for a period of up to 60 months before, and up to 60 months after my participation in the Program;
 - specifically with respect to the EnerGuide home evaluation program, the disclosure of my personal information to NRCAN, the Utility Partners, and any Collaborating Party (if I am eligible for a rebate funded or enabled by that Collaborating Party) for the purposes of administering the program, evaluating the effectiveness of the Program and undertaking analysis and research to inform changes to existing programs and the design of new energy-efficiency programs. I hereby authorize the Utility Partners and Collaborating Parties to collect this information indirectly through NRCAN and/or the energy advisor, knowing that all parties must, at a minimum, safeguard my information according to information protection standards under applicable federal and provincial privacy legislation;
 - the disclosure of my personal information to the installation contractor(s) named on the application form for the purpose of administering the Program and conducting site verification; and
 - be contacted by the Utility Partners (or their authorized agents) by phone, email, direct mail or similar method for the purposes of administering, evaluating and researching all elements of the Program. I acknowledge that in connection with the EnerGuide home evaluation program, I may be contacted later by a representative of NRCAN should any quality assurance assessments by the federal government be undertaken, and asked for your consent to participate in such a review.

BC Hydro and FortisBC are collecting, using, and disclosing the personal information on the Program application form for the purpose of administering the Program, evaluating the effectiveness of the Program and undertaking analysis and research to inform changes to existing programs and the design of new energy-efficiency programs. FortisBC collects, uses, and discloses personal information in accordance with provisions of the Personal Information Protection Act ("PIPA") and their Privacy Policy (which is located at fortisbc.com/privacy). BC Hydro collects, uses, and discloses personal information in accordance with provisions of the Freedom of Information and Protection of Privacy Act ("FOIPPA") and their Privacy Policy (which is located at bchydro.com/privacy). BC Hydro's collection, use, and disclosure of the personal information on application forms is undertaken in furtherance of BC Hydro's energy conservation mandate and obligations under the Clean Energy Act and the Utilities Commission Act. If BC Hydro customers have any questions regarding the information collected on the Program application form, they are invited to call BC Hydro's Customer Service at **604-224-9376** or **1-800-224-9376** outside of the Lower Mainland.

- I agree to receive emails from FortisBC containing news, updates and promotions regarding FortisBC's products, services, programs and any associated business opportunities. I may withdraw my consent to receive such emails from FortisBC at any time. Please refer to FortisBC's Privacy Policy or contact FortisBC for more details.
- I agree to receive emails from BC Hydro containing news, updates and promotions regarding BC Hydro's products, services, programs and any associated business opportunities. I may withdraw my consent to receive such emails from BC Hydro at any time. Please refer to BC Hydro's Privacy Policy or contact BC Hydro for more details.

Primary applicant name (please print)

Applicant signature

Date (Yr/Mth/Day)

Important notes:

- A site visit may be required to verify application details and eligibility before your rebate is paid. If selected for a site visit, you will be contacted by a program representative to schedule an appointment.
- Applications may take up to 90 days to process from the date the completed application package is received.

Did you remember to?

- Sign the completed application form.
- Include copies of detailed invoices indicating full payment.
- Provide the natural gas installation permit number (if applicable).
- Have your energy advisor complete the Energy Advisor Supported Upgrades form (if applicable).
- If you are not the electric and/or gas utility account holder, have the primary account holder(s) complete and submit the Utility Account Holder Consent form.

Send completed
